EXPLANATORY NOTE

This Current Report on Form 8-K/A amends the disclosures previously made pursuant to Item 5.07 in the Current Report on Form 8-K filed on October 4, 2018 (the “Original 8-K”) by Avista Healthcare Public Acquisition Corp., a Cayman Islands exempted company (the “Company” or “AHPAC”). The Original 8-K reported the results of the shareholder vote on matters submitted to a vote at the Company’s Extraordinary General Meeting of Shareholders held on October 4, 2018 (the “EGM”). The Original 8-K reported that Proposal 1 - To authorize an amendment to the Company’s amended and restated memorandum and articles of association (the “Articles”) to extend the date by which the Company has to consummate a business combination from October 14, 2018 to February 15, 2019 (“Proposal 1”), was approved at the EGM, based on the Company’s application of a voting standard requiring approval by a vote of at least two thirds of the ordinary shares represented in person or by proxy and entitled to vote thereon at the EGM (voting together as a single class). The voting standard we applied was incorrect. Pursuant to the Articles, the correct voting standard for Proposal 1 required affirmative votes in respect of 100% of all shares entitled to vote.

This amendment amends and restates the Original 8-K in its entirety in order to reflect the fact that Proposal 1 was not approved, based on our application of the correct voting standard. For additional information on how this correction will affect the Company’s plans for the proposed Business Combination, please see the Company’s Current Report on Form 8-K filed with the Securities and Exchange Commission (“SEC”) on October 30, 2018.

Item 5.07. Submission of Matters to a Vote of Security Holders.

At the EGM, which was held on October 4, 2018, holders of an aggregate of 35,919,455 Class A ordinary shares of the Company, par value \$0.0001 per share and Class B ordinary shares of the Company, par value \$0.0001 per share (together, the “ordinary shares”), comprising 97.57% of the Company’s ordinary shares outstanding and entitled to vote as of the record date of September 12, 2018, were represented in person or by proxy.

At the EGM, the following proposals were submitted to a vote by the holders of our ordinary shares.

1. The Extension Amendment Proposal — the voting results of a proposal to amend the Company’s amended and restated memorandum and articles of association to extend the date by which the Company has to consummate a business combination from October 14, 2018 to February 15, 2019 are set forth below:

For	Against	Abstain	Broker Non-Votes
30,179,230	3,302,225	2,438,000	N/A

The proposal was not approved, having not received “for” votes from 100% of all shareholders entitled to vote.

In connection with this vote, the holders of 30,798,019 Class A ordinary shares exercised their right under the Articles to redeem their shares for cash at a redemption price of approximately \$10.20 per share, for an aggregate redemption amount of approximately \$314,258,591.61, in the event that the proposal was approved. As a result of the Company’s error with respect to the application of the prescribed voting standard, these shares were redeemed on October 4, 2018, which was in advance of the date required by the Articles. As a result of Proposal 1 not being approved, such shares were subject to mandatory redemption within ten business days of October 14, 2018 pursuant to the Articles.

In addition, the 201,981 Class A ordinary shares that were sold in the Company's initial public offering that remained outstanding after the holders of such shares elected not to be redeemed in the aforementioned redemption (the "public shares") are also subject to mandatory redemption pursuant to the requirements of the Articles. Due to additional interest having accrued in the trust account since October 4, 2018, these shares will be redeemed for approximately \$10.30 per share, for an aggregate redemption amount of approximately \$2,081,520.

2. The Trust Amendment Proposal — the voting results of a proposal to amend the Company's Investment Management Trust Agreement, dated as of October 10, 2016, by and between AHPAC and Continental Stock Transfer & Trust Company, to extend the date on which to commence liquidating the trust account established in connection with the Company's initial public offering in the event the Company has not consummated a business combination prior to October 14, 2018, from October 14, 2018 to February 15, 2019 are set forth below:

For	Against	Abstain	Broker Non-Votes
30,179,230	3,302,225	2,438,000	N/A

The proposal was approved, having received "for" votes from holders of more than sixty five percent (65%) of the issued and outstanding ordinary shares.

Notwithstanding this vote, the trust will be liquidated and the remaining amounts held in trust will be used to redeem the public shares as described below.

Item 8.01. Other Events.

Due to its inability to consummate an initial business combination within the time period required by its Articles, the Company will redeem the public shares. The Company's initial shareholders have waived their redemption rights with respect to the outstanding ordinary shares issued prior to the Company's initial public offering.

As of the close of business on October 31, 2018, the public shares will be deemed cancelled and will represent only the right to receive the redemption amount. In order to provide for the disbursement of funds from the Company's trust account (the "trust account") established in connection with the Company's initial public offering, the Company has instructed the trustee (the "trustee") of the trust account to immediately liquidate the trust account. The proceeds of the trust account will be held in a noninterest-bearing account while awaiting disbursement to the holders of the public shares. Holders of public shares will have their shares redeemed for their *pro rata* portion of the proceeds of the trust account by Continental Stock Transfer & Trust Company, the Company's transfer agent (the "transfer agent").

The Company estimates that the per-share redemption price for the public shares will be approximately \$10.30.

The public shares will cease trading as of the close of business on October 30, 2018, in order to allow time for the settlement of trades.

The redemption amount will be payable to the holders of the public shares (including the public shares included in the Company's units) upon presentation of their share or unit certificates or other delivery of their shares or units. Beneficial owners of public shares held in "street name," however, will not need to take any action in order to receive the redemption amount. The redemption amount will be paid as promptly as possible after the close of business on October 31, 2018.

There will be no redemption rights or liquidating distributions with respect to the Company's warrants, which will remain outstanding.

For more information regarding the Company's plans with respect to the Business Combination, please see the Current Report on Form 8-K filed by the Company on October 30, 2018.
